

Cessna Citation XLS+

Our Citation XLS+ is the latest version of the world's most popular business jet. It delivers exceptional performance and combines the cabin comfort of a midsize jet with the flexibility and freedom of a light jet.

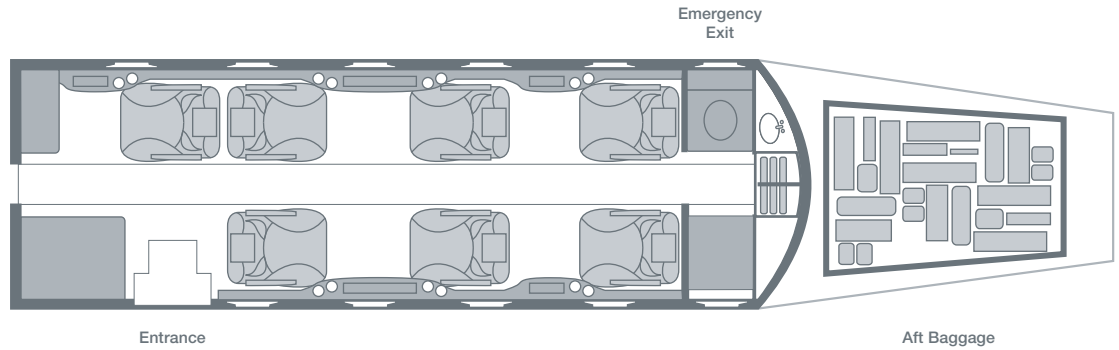

The impressive XLS+ stand-up cabin offers exactly the same height and width as the Sovereign and Citation X. The passenger area extends nearly 19-feet, providing ample room to accommodate seven passengers with ease. With all this space, you will have the freedom to stand up and walk around the entire length of the cabin. The XLS+ offers the largest external baggage compartment in its class and the enclosed lavatory with vanity can double as a dressing area and provides an eighth belted-seat if required.
